Subject: Interregional Training Course on Advances in High Temperature Gas-cooled Reactor Type Small Modular Reactors and their Analytical Tools, Munich, Germany, from 3 to 7 November 2025

Dear National Liaison Officer / National Coordinator,

I am pleased to inform you, that the International Atomic Energy Agency (IAEA) is organizing the above event under the IAEA technical cooperation project INT2023, “Supporting Member States' Capacity Building on Small Modular Reactors and Micro-reactors and their Technology and Applications as a Contribution of Nuclear Power to the Mitigation of Climate Change”.

The purpose of the event is to train the participants on high temperature gas cooled reactors (HTGR) focusing on the status of current technologies, reactor design concepts, reactor physics, core thermal fluid design, safety analyses, and their tools for modelling and simulation.

The attached Information Sheet provides further details, including technical and administrative aspects of the event. Selection of participants will be in accordance with IAEA procedures. Member States are strongly encouraged to identify women participants.

The IAEA will provide non-local participants with a round-trip air ticket based on the most direct and economical route between the airport nearest the participant's residence and Munich or a travel allowance to purchase an air ticket. Travel details will be agreed with the participants upon receipt of their official nomination. Participants will also receive an allowance from the IAEA sufficient to cover their costs of lodging, daily subsistence and miscellaneous expenses for the duration of the event in line with IAEA rules and procedures.

We would appreciate receiving your country's nominations by **3 August 2025** through the IAEA's InTouch+ platform (<https://Intouchplus.iaea.org>). Please be advised that late nominations or replacements of participants after the closing date for nominations will not be accepted.

We look forward to receiving your early response.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Jing Zhang', enclosed in a light blue rectangular box.

Jing Zhang  
Programme Management Officer  
Division for Europe  
Department of Technical Cooperation
